

## 2016 Long-Range Plan and Implementation Status Update

	Measure	March	June	September
<p style="text-align: center;"><b>GOAL 1</b></p> <p style="text-align: center;"><b>Improve and streamline Florida Center data collection.</b></p>	1. Explore opportunities for the Advisory Council to support data collection activities and facility outreach.	Possibility of the FHA hosting a webinar to demo the new auditor for facility use when ready.		
	2. Improve data collection efforts among facilities by assisting in XML formatting.	<b>Q4 2015:</b> 2055 upload failures; 37 assists; <b>Q3 2015:</b> 569 upload failures, 25 assists; Jan 2 2016 to March 7, 2016.		
	3. Hold Data Working Group meeting to give reporting facilities a venue to share issues with Agency staff.	Conference call held December 11, 2015 that primarily focused on ICD-10 readiness for Q4 2015.		
	4. Explore opportunities to reduce hospital data submission certification from 5 months to 4 months.	On hold until implementation of DC new auditor system. Will evaluate after unit processes are established.		
<p style="text-align: center;"><b>GOAL 2</b></p> <p style="text-align: center;"><b>Improve health care transparency.</b></p>	1. Work with the Advisory Council and DST Committee to enhance and expand health care information made available on FloridaHealthFinder.gov, including hospital utilization and quality measures for hospitals; increased pricing transparency; and quality outcomes for Ambulatory Surgery Centers.	Working with AC on March 24th to begin this process; waiting on results of transparency bill		
	2. Continue to review and monitor other state and national websites as well as nationally recognized methodologies regarding public reporting.	Ongoing		
	3. Identify areas of improvement for website ease of navigation and layout	Working with AC on March 24th to begin this process; waiting on results of transparency bill		
<p style="text-align: center;"><b>GOAL 3</b></p> <p style="text-align: center;"><b>Promote FloridaHealthFinder.gov</b></p>	1. Promote the FloridaHealthFinder.gov website and conduct outreach to consumers groups and other stakeholders.	Jan-Feb 2016 - 15 webinars; 384 attendees; AARP radio interview; Senior Day at the Capitol, etc.		
	2. Increase the number of annual visits to FloridaHealthFinder.	Jan-Feb 2016 - 681,392 Jan-Feb 2015 - 583,713 (17% increase)		

	Measure	March	June	September
<p style="text-align: center;"><b>GOAL 4</b></p> <p><b>Pursue statewide Health Information Exchange (HIE) opportunities for the State, as well as achieve sustainability for the Florida Health Information Exchange.</b></p>	1. Implement 20 health plan participants in the Event Notification Service (ENS).	There are 15 subscribers to the ENS, 5 health plans and 10 Accountable Care Organizations.		
	2. Expand the number of organizations data sharing in the Florida HIE PLU network by 10% though adding participants directly or supporting the growth of participating networks. There are currently 426 organizations connected .	No additional participants has connected this quarter.		
	3. Increase the number of licensed professionals e-prescribing from 70% in third quarter of 2015 to 75%.	The number of eprescribers held steady at 70% in Q4 2015.		
	4. Achieve 300 new eligible professionals engaged in adopting electronic health records or meaningful use of a certified electronic health record in 2016.	180 new eligible professionals Q1 2016.		
	5. Develop specifications for future procurement of Florida HIE infrastructure services .	The team has met with service participants (PLU Users), Department of Health, Florida Blue, FMA, Health Choice Network and Commonwell to discuss the value proposition.
